

# SAVE THE DATE

The Edison Electric Institute (EEI) and the Gulf Cooperation Council Interconnection Authority (GCCIA) are jointly organizing the 1<sup>st</sup>

## Executive Dinner Roundtable

### “GCC Sustainable Energy Strategy through Diversified Infrastructure”

to be held on 11-12 September 2017 in Dubai

*“This is a tremendous opportunity to open new avenues of collaboration with our partners in the Arabian Gulf”*

*Lawrence Jones, EEI  
Vice President of  
International Programs.*

Participants of the event will get indepth knowledge about energy investment opportunities to develop a diversified infrastructure in the GCC region along with a unique chance to network, learn and engage with their peers.

The agenda and further information will be available soon. Interested C-Executives are advised to mark the dates in their agendas and request an early registration as the number of places is limited.

Should you have any questions or would like to register, please do not hesitate to **contact us** at [helasaad@gccia.com.sa](mailto:helasaad@gccia.com.sa) for the GCC region, [international@eei.org](mailto:international@eei.org) for the US, other regions and general inquiries [zsamadov@bernardenergy.com](mailto:zsamadov@bernardenergy.com)

*“As part of its long-term strategy, GCCIA aims to expand its line of business by seeking out other business opportunities in the power sector”*

*Ahmed Ali Al-Ebrahim,  
Chief Executive Officer of  
GCCIA*
